## Growing Human Potential One Worldview at a Time

### Nichol's Notes

Greetings from all of us at IRI! Al and I have completed our tour of Alaska, with great results. Our trip focused primarily on Elim (where both Al and I worked with the tribe and the school), and North Pole (where Al worked with several churches). We were well received in Elim and have been invited back by the school to work with the students there. Al received a very positive response in North Pole, and he and I are both invited to return to work with the churches there. The current plan is to head back in September, though there is a lot of discussion still going on, so we will update everybody as our plans mature.

One of our partners in Alaska, Emily, has written a great article on her perspective as a Christian from Elim. We hope you enjoy her words and wisdom.

God bless you in all things

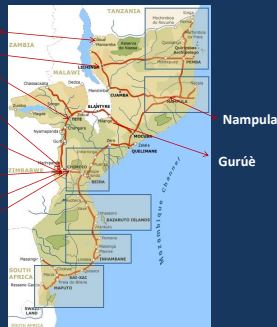

*Jason*

### ABC Thinking

We as God's people must be taught the biblical view of Christ's teaching. Insight Resources International has taught me to think in the ABC pattern. If, we as indigenous people, (we) are to move ahead and walk in our God given destiny we must align ourselves with the Word of God and be changed from the inside out. We must change the way we think and change our thought patterns. The more I understand what I think, the more direct identity I have.

Emily Murray

Al didn't see Santa or his elves but he did spend some time at the North Pole radio station being interviewed.

### Mission Activities

Jason is back in California and Al is Casper. Al will be teaching in Casper Monday and Tuesday evening (February 19-20) and will be in Norton, KS on the 21st followed by a few days in Broken Arrow, OK. He goes to Loudon County Christian Church in Tennessee March 3 and then flies to Hong Kong on March 15th to work with Linda and Scott Smyth of Cross Cultural Connections. In May Al continues his journey on the South Africa and Mozambique. It will be a busy Spring with no let-up in sight through the rest of the year.

Thanking you for your Support.

We have lost the way of Truth if we do not perceive the way God sees us in His Word. In order to heal my body and soul is to abide in His Word and to think the way He wants me to think. We can have programs after programs coming into our communities to 'heal' our brokenness but if we do not take ownership of a method of healing it will not happen. We must heal from the inside out.

One thing I have observed is that the world says "You are rich if you own a big house and have two cars in the driveway." Excuse me but that does not make me rich. I can have a few bucks in my pocket, own the shoes on my feet and be far richer than the guy who has maxed out credit cards, 'own' a couple of cars in the driveway and live in a big house (which probably he is paying a high mortgage on). I am rich in the simple way I live.

Another thing IRS has taught me is I have everything I need in my environment to be successful. Some of our people have become so accustomed to 'hand outs' from the government that we have failed to see the richness around us. One of the concerns we have in our area is the shipping increasing since the Northwest Passage has opened. We have a need to build oil and spill response in our communities. We see the need to protect our sensitive water and salmon spawning rivers. Because we depend on the resources of fish, seal, beluga and even our land animals we are standing up and creating policies to maintain a healthy environment for our children and their children.

We have a desire to go back to the God-given authority He has given us as a people. Because if we don't, someone else will come and take it from us.

ABC thinking works and has changed the way I think not only of myself firstly, but the way I perceive the world the Lord has made. He said in His Word that he has given us authority over the world, but we must know how to operate in that capacity by changing the way we think, the God given way.

- ☑ Pray for Jason as he has moved from Spokane to Southern California to continue his studies in his Doctorate program. He is still looking for an affordable apartment. His car also broke down and is in the shop to replace the head gasket. This extra expense has placed a strain on his budget. Any help will be greatly appreciated.
- ☑ Velma has found a full time job but the amount of walking required is taking its toll. Please keep her in prayer to be able to withstand the rigors of this new job.
- ☑ Please pray for the health of both Al and Jason.
- ☑ Please pray for additional travel funds. With the work in Mozambique growing and more requests from other countries to present seminars, expenses are increasing.

## Prayer Partners

There is still a great need to replace some of our travel funds that we used to purchase the tractor. The tractor was at a price we couldn't refuse. We are working to make IRI Moz self sufficient and a tractor will go a long way in making that happen. Please help as you can.

The greatest thing that you can do for Insight Resources International is to actively pray. We believe that Prayer is the cornerstone of this ministry and without it we cannot stand against Satan's attacks.
